

A decorative background featuring a network diagram. It consists of numerous nodes, represented by circles of varying sizes and shades of gray, connected by thin, light gray lines. Some nodes are highlighted with a solid blue dot, and others are enclosed in a blue outline. The network is distributed across the slide, with a denser concentration in the top-left and bottom-right corners.

Recipe Recommender System

Motivation

- Increased interest in home cooking during this period.
- While we usually know what we want to cook initially, we may run out of ideas at some point.
- Require the help of a push-based approach like recommender systems.
- Use case: I have tried and liked recipes for italian cuisine.
Recommend me new recipes based on this information

Solution

- Seasonings is a webapp that can recommend new recipes under a wide variety of contexts
- Example contexts:
 - People with similar tastes also like...
 - Because you liked <Recipe Name>...
 - Tastebreakers...
- All the user has to do is provide 5 anchor recipes for Seasonings to generate recommendations.
